

TECHNICAL DATA SHEET

Air conditioning disinfectant spray For cleaning and disinfecting vehicle air-conditioning systems

Art. no. 0893 764 10

P. Qty.: 1 / 6

For cleaning and disinfecting vehicle air-conditioning systems

Kills fungi and bacteria quickly and safely. Effectively prevents bothersome odours and allergic reactions in the vehicle interior. Long-lasting disinfection and protection against micro-organisms. Good material compatibility.

Contents	300 ml
Weight of content	265 g
Chemical basis	Isopropanol
Smell/fragrance	Alcohol
Colour	Colourless
Min. flashing point	13 °C
Density	0.88 g/cm ³
AOX-free	Yes
Bio-degradable	No
Shelf life from production	18 Month
Max. processing temperature	30 °C
Max. temperature conditions	30 °C
Max. temperature resistance	30 °C

Application area

Special cleaner for cleaning and disinfecting air-conditioning units and heating systems in vehicles and buildings

TECHNICAL DATA SHEET

Application information

- Switch off air-conditioning unit and fans
- Insert the spray probe into the condensate drain
- Spray the product into the intake area of the air-conditioning unit (approx. 150 ml), the can content is sufficient for 2 applications. Loosened dirt will escape easily via the drain
- Allow to take effect for at least 10 min.
- The factory recommendations of the vehicle manufacturers for cleaning the air-conditioning unit must be observed
- Ventilate the interior of the vehicle well before switching the unit on again

Notice

Take care when using biocidal products. Always read the label and product information before use. We recommend cleaning and disinfecting the air-conditioning unit (evaporator, ventilation ducts etc.) at least once a year. The effectiveness of the disinfectant has been tested based on the guidelines for testing and evaluating chemical disinfectant processes of the German Society for Hygiene and Microbiology (DGHM).

The usage instructions are recommendations based on the tests we have conducted and on our experience; carry out your own tests before each application. Due to the large number of applications and storage and processing conditions, we do not assume any liability for a specific application result. If our free customer service provides technical information or acts as an advisory service, no responsibility is assumed by this service except where the advice or information given falls within the scope of our specified, contractually agreed service or the advisor was acting deliberately. We guarantee the consistent quality of our products. We reserve the right to make technical changes and further develop products. Biocidal product, registration number N-55203
